Judge's Critique: General Specials

by Dr. Gerda Kennedy

It was an honor to judge the Borzoi Club of America, Inc. Centennial National Specialty Show. It was the most exciting experience in judging that I have ever had.

How can I thank everyone for this wonderful experience of a lifetime? I was allowed to touch and caress these beautiful aristocratic creatures. They made my heart fill with love and admiration.

The overall quality was from good to excellent. The breed has so very much improved in temperament, type, structure and movement. I had many excellent Borzois and not enough ribbons to hand out.

I was very pleased to see the loving connections between handlers, dogs and bitches. The spirit of the Borzois, their handlers and the visitors was wonderful. The sportsmanship was great! I loved every minute. It was a happy time of showing, caring, sharing and judging.

The management of the show was excellent. Barbara O'Neill, the President, is the perfect leader, with a "heart of gold". My ring stewards, Dr. Asa Mays and Mrs Karen Mays, are the "best of the best". Their excellent support made my assignment a joy!

My three (3) top winners:

BOB Ch. Ontime Red Sky and Night (owners: Robin Casey and Susan Sills): He is elegant and masculine with a ground covering stride from well-angulated stifles and hocks. His front legs reached well out with pastern strong and springy. His back was rising a little at the loins in a graceful curve as requested in the Borzoi standard. His balance was perfect, his elegant head and expression was as the standard so well defines. His temperament extremely pleasing.

BOW J.A.Y. JP Raiga at Meyta (owner: Laura Hyatt): Very same excellent qualities as my BOS winner. She was smaller, more moderate, excellent balance, movement and temperament.

BOS Ch. Majenkir Solara (owner: Karen Staudt-Cartabona): She very much pleased me with all the qualities so well described in our standard. Excellent head, expression, temperament, size, balance, topline, tail set, angulation and movement.

I gave 10 Awards of Merit. All were excellent Borzois with small variations.

I would like to offer the following suggestions:

- Please pay total attention to the "standard".
- Get your dogs and bitches in good physical and mental condition.

- One needs to perform on a loose lead and the handler needs to be aware of the right speed to bring out the best in the movement.
- Balance, angulation, topline, tailset, type and temperament is well described in the Borzois standard.
- The excellent dog standing should also be the excellent gaiting dog. The perfect gait is not the bone structure alone, it is the combination of mind, bone, muzzle, and ligament. It is necessary to pay attention to the gait in slow motion and extended gait.

- It is most important to choose the breeding program by "quality" and "genetics" and not alone by "show wins".

Thank you for the honor to judge your Show! Again, my best wishes to all. Stay happy and love your precious Borzois! §

Judge's Critique: Bitch Classes

by James Heard

Any judge worth his salt is tempted to cushion himself, to qualify his expertise or moderate his authority, or plead special circumstance to hedge the fact that it's an awesome thing for anyone to judge on so important an occasion.

And when that one who is invited regards judging to be at the very core of the sport, you will appreciate why even lameness might be a gift from the gods on the day of the show. It is even more awesome when the judge you have invited just happens to know that the word "invite" first came from the gambling tables of Southern France in the 17th Century and meant at that time, "to call one's bluff."

I can assure you that I felt very much "invited" as I entered the ring to begin my assignment. However, I did not cushion, plead or hedge in the least bit, for I was too honored by the beautiful entry and more that grateful to BCOA for the unique honor to judge at this prestigious event. Long ago I learned that about all we can do regarding the best things that happen to us is to accept them, to be grateful for them, and try somehow to live up to them.

Special thanks to Barbara O'Neill for the many kind ways she assisted me from the very beginning of this assignment. And to Shen Smith and Carol and Ron Spritzer for hospitality extraordinaire! Kudos and special thanks, indeed, to Karen and Asa Mays for expert stewardship throughout the week-long event.

I had the pleasure of watching Carol Spritzer adjudicate the 6-9 month puppy bitch class, and immediately there was a standout. The first place selected by Carol was a lovely, well-constructed puppy in good coat with flowing sidegait.

Seabury Cameo at Greyhaven was handled by owner, Marilyn Polsfuss. Cameo is a very courageous puppy; her outstanding movement carried the class.

Thirty-two 9-12 month puppy bitches to choose from and I certainly could have used more ribbons. It was my pleasure to award first place to Hemlock Hollow Sky-Diver, as she was shown to perfection by her breeder/owner/handler Christine Danker. The best part about Sky-Diver is her scrumptious overall balance. Her entire body fills the hand and eye and she moves beautifully.

A 12-18 class of twenty-eight, and every one of the placers could win majors on another day. Majenkir My Fantastasia was presented by her breeder/owner Karen Staudt-Cartabona; co-owners, Roni and Jennifer Zucker. My Fantastasia was a lovely white, elegant youngster who does not disappoint on the go-round; the down and back was pleasing as well.

The winner of the Novice Class of fifteen entries was Majenkir My Vixen, breeder/owner Karen Staudt-Cartabona. She is a well-constructed bitch in good coat, lovely side gait, but yielded in the winners class to magnificent competitors.

A Bred-by-Exhibitor class of forty-six entries and the depth of quality filled me with such overwhelming pleasure, I am compelled to mention all four placers. Karen Staudt-Cartabona handled her Majenkir Milovna, an elegant, white lady with flawless up and down, magnificent drive,

JUDGE'S CRITIQUE - BITCH CLASSES CONTINUED FROM PAGE 42

and the prettiest head I saw all day. Second was Lynne Bennett's Avalyn's All About Eve, breeders: Bennett and Nancy G. Katsarelas. Eve was magnificently sound and as good a moving to be found, but not as classic a head-piece as Milovna. Third was Kathy and William Norelli's Majenkir Tiarra's Gracefulpose, owners/breeders with Staudt-Cartabona. On another day she would easily place higher. And fourth to beautifully balanced Vitrina High Chaparral, JC, breeders/owners Valori and John Trantanella. She was very typey and moved well.

Twenty-nine American Bred entries and immediately there was a standout. Sunburst Halston At Thistledown, breeders: Garnett Thompson, T. Trikosko and R. Terry; owner: Garnett Thompson, was absolutely beautiful. She was very elegant. She was impeccably groomed and presented properly by her very capable handler, Richard Mason Terry. It was a pleasure to have her in the ring.

The winner of the Open class was Regius Rohnoke Moonchild, breeder: Doreen Carlstad, owners: Joel and Camelle Chaney. She was a beautiful specimen and her proportions and balance had to be acknowledged. This was a large, time-consuming class which required two cuts and nothing seemed to faze her. From the moment she entered the class, there was no doubt that she was the bitch to beat. She really caught my attention.

WINNERS BITCH; a group fit for the esteem of czars, indeed! There were seven, but there could have been fourteen. In most classes, you find top dogs and then you compromise. There was no compromising in this group of Lovelies. I wish I had more winners ribbons. There was a fine line between winners and reserve. Reserve Winners was the beautiful Bred By Exhibitor bitch, Majenkir Milovna. She was just stunning! She will have a glorious show career. Winners Bitch was Regius Rohnoke Moonchild from the Open Class. Attitude and showiness are intangibles that make a difference in keen competition. Moonchild responded beautifully throughout and attitude had a lot to do with it - especially at the very end. She was gorgeous!

The BCOA Centennial National Specialty will certainly be one of my treasured dog memories. I believe in dreaming, and the noble Borzoi is one of my dreams made visible. §

2004 BCOA National Sweepstakes Critique

By Ron Williams, Ridgeside Borzoi

I'm fortunate to have had many highlights in my life. If I never had another one, I'd be satisfied. Well, April 20th and 21st came around and I've experienced one of the major highlights in my life. To judge the Sweepstakes classes at the BCOA Centennial National Specialty Show in Ohio has been simply a wonderful experience. It's an honor I will cherish for the rest of my life. I thank all the membership for this opportunity. I also thank Barbara, Prudence and the rest of the show committee and the professionalism of my three ring stewards, Asa, Karen and Fred.

PUPPY SWEEPSTAKES

Approaching my Puppy Sweeps assignment I knew I'd be looking for a well-put shoulder, a good front and rear and nice flowing sidegait with drive. They should also have a pleasing headpiece and a soft expression. I believe I found that in all my placements and in a lot of cases in my non-placements. I also thought it would be the young bitches that I would look forward to judge. I'm happy to say, this year the girls did not outshine the boys.

The puppies were of good structure, moved well, presented well and were well behaved. We should be proud of and look forward to the youngsters coming up.

All of my class placements displayed good shoulders, topline, and clean movement. I saw plenty of sidegait with reach and drive. There were good fronts and surprisingly at this age true going away. Missing teeth were not a problem throughout the classes and most of them let me check! There were however, more flat toplines than I would like to have seen.

6 – 9 Dogs

There were plenty of young dogs in this class with good reach and shoulders. My four placements all had rear drive that stood out. The winner of the class and Best of Opposite Sex to Best in Puppy Sweepstakes, handsome Wind 'N Satin TY Slezy of Zemny, is a complete package at this age, handled well and under control.

9 – 12 Dogs

Vitrina Rocky Road to Justice beat some very good dogs. He's a handsome dog with a wonderful shoulder and top line. This was a very nice class to judge.

12 – 15 Dogs

Kansai'z Xactliaziam was wonderful to go over; a nice solid body. All the winners displayed fluid movement.

15 – 18 Dogs

Timatuck Khanzade Karma, a smaller handsome dog, had a little extra drive and a smoother gait than my second place winner. Another good class to judge; however, my first and second place winners stood out.

6 – 9 Bitches

This was a difficult class to judge. They all displayed good fluid movement. Seabury Cameo at Greyhaven, a very pretty and big puppy, was clean and a joy to look at.

9 – 12 Bitches

I was particularly happy with all four placements. We should see good things from each of them. Majenkir Memories had lots of drive and a wonderful shoulder and today out-moved the other dogs to take the placement.

12 – 15 Bitches

Fern Meyta Earthly Delight was correctly named. She was a delight; however just barely out-moving the 2nd place bitch in the end.

15 – 18 Bitches

In a class where several dogs were evenly matched, Blackmoor Enchantress stood above the rest with her consistency and maturity; a lovely well-angulated bitch with a powerful rear. However, it wasn't until the Best in Sweepstakes class that I thought she had a chance to win it all. There were several bitches that were in contention.

It was a delight to watch the eight winners go around the ring. They all displayed what I believe to be the most efficient movement; an easy-going un-laboring gait, with the extension to cover ground. However, Blackmoor Enchantress took my breath away every time I watched her and became my Best in Puppy Sweepstakes.

VETERAN SWEEPSTAKES

For those of us who are not licensed judges and are fortunate to judge multi-winning Borzoi at Nationals; and when you've only seen them at other Nationals or only in photos; then you can understand the thrill of judging Veterans Sweeps. I had no idea I would enjoy judging Veterans Sweeps as much as I did. For those of you who hung in to the bitter end, maybe in a way, I enjoyed it too much.

First, I'd like to give credit to all the caretakers of the entries; you should be proud of how well your Veterans competed.

No one labored around the ring. Even when I gave the option of making smaller circles, they were able to take the long route around. It was wonderful to see all the Veterans aging well. All the classes were difficult due to how well the dogs competed. Being a person who likes to look at sidegait, I considered how well they held onto their shoulder assembly, fronts and conditioning. I made cuts to the classes to pay special attention to those that had fit my bill.

In choosing my Best of Opposite Sex in Veterans, the two handsome dogs I was considering both showed they could still compete with the youngsters. I chose my winner, Ch. Majenkir Caramon of Avalyn from the "8 years and under 9" class, due to the smoothness of his movement.

My Best in Veteran Sweepstakes came from the class I enjoyed the most of my entire assignment, again from the "8 years and under 9" class. This class was packed with girls I would love to have in my backyard and also who could still compete and win on a regular basis.

It was extremely difficult coming up with my winner of the class, Ch. Monarch Chrystal Chandelier. She moved impeccably and was well presented.

As you can see, I've relied heavily on movement when making my considerations. I believe when I see good movement I'll find a good front and hindquarters when I go over them. With the number of entries, it was easy to find dogs to consider.

Once again I thank you from the bottom of my heart for this opportunity§

2004 BCOA National Futurity Critique

By Jennifer Beach-Buda, Rusalka Borzoi

It was an honor to be selected by my fellow breeders to judge the BCOA Centennial National Specialty Futurity on April 19, 2004. In my 25+ years of involvement in the sport of purebred dogs, this event will stand out as one of my most memorable and enjoyable experiences.

I found the quality of the puppies and young adults to be very deep. Our job as breeders is, first and foremost, to preserve and maintain the highest quality for the breed as outlined by the standard. To my mind, we should concentrate on preserving the qualities that enable the Borzoi to do the work he was originally bred to do. Strong neck and jaws, balanced structure, sound running gear, proper heart and lung capacity, overall health and correct temperament should be high on the priority list.

As the Futurity competition got underway, I found that photos were to be taken, at least of the first place winners, after each class. Since this could extend the length of the event late into the evening, I decided not to take notes on individual dogs and thus put additional time demands on the exhibits and their handlers.

I'd like to make some comments about the entry as a whole. I found a majority of exhibits possessed "elegance with flowing lines" as described in the General Appearance section of the Borzoi Standard. Most had a correct head shape with equal proportion of muzzle to backskull, a muscular, slightly arched neck, good shoulder layback, correct length of loin, good legs and feet with correct slope of pastern, adequate depth of chest and spring of rib, sound rear action going

away, good rear assembly muscling extending down into the "second thigh," proper length and carriage of tail and correct coats. Temperaments, as far as they can be evaluated in the show ring, were excellent. The Futurity competition is held at a time when most dogs would be eating, relaxing or sleeping, yet almost all had typical Borzoi enthusiasm for the task at hand.

In looking at the entry as a whole, I found some type and structure characteristics that need attention. Toplines, which appear in many variations in our breed, seem to be a characteristic that is difficult to produce correctly, consistently. An excellent front assembly, in particular, is difficult to obtain and maintain in a breeding program. Breeders must be vigilant about maintaining structural qualities that enable the Borzoi to "chase, catch and hold his quarry." Areas needing improvement included the size, shape and placement of eyes. I found a number of Borzoi with atypical expression, lacking the slightly oblique eye set with a soft, intelligent expression. I would have liked to see more muzzles with the correct chiseling and veining. Strong, deep lower jaws could have been more in evidence and about 20% of bites were level. Yes, the standard allows for level bites but they seem to be paired with a narrower lower jaw and V-shaped dental arcade that often leads to "popped" lower incisors. I found some poor necksets and a few ewe-necks that are weak and totally incorrect in a coursing hound.

There were some "upper arms" that were straight, usually paired with a front assembly that was set too far forward on the body. Front action on the down and back was not generally as good as rears going away. I believe much of this is due

to a lack of front muscular fill in the area of the prosternum and also the forward-placed front assembly seen in some exhibits. This seems to go in cycles – fronts improve for a period and rears become less efficient. Then the reverse occurs – rear assemblies improve and fronts lose some ground. No one told us it would be easy to achieve it all but we must continue to work toward that ideal. Although length of loin was generally good, a number of dogs lacked muscle in this area and had a narrow, underdeveloped loin. This can be remedied to a great extent through a regular conditioning program. Lastly, I found a number of dogs with a rear assembly lacking proper angulation which, when present, is so important in providing powerful drive off the rear.

The standouts in each class were the Borzoi with the best balance, symmetry and suppleness of movement. Dogs and bitches who had that "Borzoi essence" quality of type combined with a correct topline, a proper front assembly, good rear drive and easy, seemingly effortless, efficient movement, both down and back and from the side, were rewarded. In some classes, many Borzoi had all of these attributes to a great extent and there were not enough awards to give out to deserving hounds. My heartfelt thanks go to the breeders and to BCOA for this wonderful privilege. §
