Mychtar is an elegant, sound dog with substance, style and a luxurious coat. He ranked in the Top 10 in Canada in 2000 in just a few shows. Only lightly specialed, he is a group-winning, multi group-placing dog who also took a US Specialty BOS, Best Veteran in Specialty and a Westminster AOM. Silly and sweet, with an exuberant outlook on life, he's excelled in obedience and agility. His effervescent charm and affectionate nature make him an exceptional therapy dog and he worked for many days in New York City after the 9-11 terrorist attacks.
