As I drove out in '07 to meet Bartleby, I had no idea this little 8-mo.-old Borzoi would change my life forever. With many achievements on the field, it was his personality off the field that made him so "special". As the foundation of Starswift he passed on his wonderful attributes to his get. He left a huge hole in my heart with his sudden passing but left it overflowing with unforgettable memories and amazing lifetime friendships. Tally-Ho my best friend, you are a once in a lifetime.
