

**BORZOI CLUB OF AMERICA, INC.
Register of Merit Program**

I. What is a Register Of Merit?

The Register Of Merit (ROM) is a title awarded by a breed’s parent club to recognize sires and dams whose offspring have earned a notable number of titles in conformation and/or performance competition. The Register Of Merit title is a permanent suffix to the dog’s registered name. The Borzoi Club of America will award qualifying sires and dams one of the following Register Of Merit titles: **ROM, ROM-C, ROM-P, ROMX, ROMX-C, or ROMX-P.**

II. How A Sire Or Dam Qualifies For A BCOA Register Of Merit Title

The only titles that are counted in the BCOA Register Of Merit program, are listed on page three, in the BCOA Register Of Merit “Titles & Points Table” along with the points that each title is worth.

A sire or dam (1) Must have a minimum number of offspring, with each offspring having at least one of the titles listed on page three, and (2) The points from those offspring’s titles must add up to a minimum number of points as listed in the table on this page). Titles earned by the sire or dam do not count.

Title	Requirements for a Registry Of Merit Title	
ROM	Points are from both conformation & performance titles. Less than 75% of the points are from either conformation titles or performance titles.	<p>A sire must have a <i>minimum of 5 titled offspring</i> who have earned titles totaling at least <i>80 points</i>.</p> <p>A dam must have a <i>minimum of 3 titled offspring</i> who have earned titles totaling at least <i>50 points</i>.</p>
ROM-C	75% to 100% of the points are from conformation titles.	
ROM-P	75% to 100% of the points are from performance titles.	
ROMX	Points are from both conformation & performance titles. Less than 75% of the points are from either conformation titles or performance titles	<p>A sire must have a <i>minimum of 10 titled offspring</i> who have earned titles totaling at least <i>160 points</i>.</p> <p>A dam must have a <i>minimum of 6 titled offspring</i> who have earned titles totaling at least <i>100 points</i>.</p>
ROMX-C	75% to 100% of the points are from conformation titles.	
ROMX-P	75% to 100% of the points are from performance titles	

III. How Titles Are Determined

Using the BCOA Register Of Merit “Titles & Points Table”, list the points for each offspring’s title. Then add up the total points earned by all the offspring. If the total points equals or exceeds the minimum points required, the sire or dam qualifies for one of the Register of Merit (ROM) or Register of Merit Excellent (ROMX) titles. When the points are from both conformation and performance titles, multiply the total points times 75%, dropping any fraction; then compare that result to

the points from conformation titles (including any points from the offspring's ROM-C and ROMX-C titles), and to the points from performance titles (including any points from the offspring's ROM-P and ROMX-P titles), to determine if the dog gets a "-C" or "-P" title. Any "Dual Titlist" points, and points from the offspring's ROM and ROMX titles are divided equally between conformation and performance for the purpose of determining if the sire or dam gets "-C" or "-P" title.

Example #1: Dam "Sassy" has 5 offspring who are all AKC Conformation Champions, with no performance titles. The 5 CH titles are worth 10 points each, for a total of 50 points. "Sassy" is awarded a "ROM-C".

Example #2: Dam "Natasha" has 3 offspring with these titles.

FC. Michael FCH, LCM, ORC	16 points (11 points for FC, FCH & LCM titles, 5 points for ORC)
GCH. Olivia CDX, ROM-P	21 points (12 points for GCH, 6 points for CDX, 3 points for ROM-P)
Peter OA, OAJ, CC, CM	<u>18 points (6 points for OA & OAJ, 12 points for CC & CM)</u>
Total	55 points (12 points from conformation and 43 points from performance titles)

"Natasha" is awarded a "ROM-P", as **43** points are from performance titles and that is more than 75% of the total points (75% of 55 is 41.25 or 41). (Note that the ROM-P for offspring Olivia, is a performance title).

Example #3: Sire "Ivan" has 5 offspring with these titles.

CH. Almaz ROM	13 points (10 points for CH, 3 points for ROM)
CH. Blisti CD	14 points (10 points for CH, 4 points for CD)
CH. Contessa FCH	17 points (10 points for CH, 5 points for FCH and 2 points for Dual Titlist)
CH. Dimiti CDX, NA, OAJ	22 points (10 points for CH, 6 points for CDX, 6 points for agility titles)
CH. Nadia CM	<u>22 points (10 points for CH, 10 points for CM and 2 points for Dual Titlist)</u>
Total	88 points

"Ivan" is awarded a "ROM". The 3 points for the ROM title and the 4 points for the two Dual Titlist are split equally, with 3.5 points added to the 50 points from conformation titles, and 3.5 points added to the 31 points from performance titles. Neither the 53.5 conformation total nor the 34.5 performance total is 75% or more of the total points (75% of 88 is 66).
