# BCOA Fit Dog Program: Encouraging an Active Life with Your Borzoi

*By Randi Chylinski, BCOA Fit Dog Chair*

This year, the Borzoi Club of America proudly launched its AKC Fit Dog Program to promote healthy and active lifestyles for both our dogs and their owners. Our first official walk took place during the National Specialty this past June in Pasco, Washington, led by Courtney Sepeck, Fit Dog Liaison. The walk was a great success, with many members and their Borzoi coming together for an enjoyable and active event, setting the tone for what we hope will become a cherished tradition.

We continued this momentum at the Midwest Borzoi Club Specialty in Lima, Ohio, in October, where we held another well-attended walk. Seeing so many members participating underscored the importance of regular activity with our dogs and was truly inspiring.

Engaging in physical activity with your Borzoi is more than just maintaining fitness — it's a bonding experience that strengthens relationships, stimulates their minds, and enhances their overall well-being. Whether it's a leisurely stroll or a more vigorous hike, the Fit Dog Program offers a great way to stay active, enjoy the outdoors, and spend quality time with our beloved companions.

We look forward to seeing even more members join future walks as we continue to build a strong community dedicated to the health and happiness of our Borzoi.

# BCOA 2024 Obedience Rankings

for BCOA member-owned Borzoi, January 1 to September 30, 2024

Corrections to Dean Eelman, [dkeelman@att.net](mailto:dkeelman@att.net)

To be included in the report, the first person listed as the dog's owner by the AKC must be a BCOA member. To be ranked in the Top 5 dog list at the end of the year, a dog must have at least 3 Qualifying Scores from any Obedience class. Scores for each class will be multiplied by a factor based on level of class difficulty and all Qualifying Scores will be averaged for that dog. The factors are as follows: Beginner Novice – 0.8; Preferred Novice – 0.9; Novice – 1.0; Graduate Novice – 1.1; Preferred Open – 1.2; Open – 1.3; Versatility – 1.3; Graduate Open – 1.35; Preferred Utility – 1.4; and Utility – 1.5. Only 1 score is needed to be ranked #1 in any particular class at year's end.

The Summer and Fall Aristocrat report will consist of a list for each of the all Obedience classes with qualifying entries with the dogs' name in alphabetical order and their real average score. In the Winter and following year's Spring edition, each Obedience class will list the dogs in weighted average score order. In addition, the Winter and following year's Spring Aristocrat editions will list the top 5 dogs in weighted order for those dogs having 3 Qualifying Scores in any class or classes.

# Happy Holidays From The BCOA Health Committee

Ginger Jones, Health Chair

**A**s we move into the Holiday season and conclude 2024, I would like to take this opportunity to thank our membership for their support of the BCOA Health Committee initiatives, both your financial support and your commitment to the health of your Borzoi. Together, we can make a difference in the future of our breed's health and longevity.

I am passing along the following updated list of foods to avoid from Morris Animal Foundation to assure that your pets have a safe and happy holiday season. Wishing you all the best the holidays have to offer.

## Chocolate

While everyone loves a tasty chocolate treat, including our pets, it remains the top culprit for *pet poisoning*. Theobromine and caffeine in chocolate, especially dark chocolate and cacao, are toxic to pets. Watch for chocolate-covered espresso beans as dogs enjoy sugary, high-fat treats.

## Macadamia Nuts

Most people don't realize that macadamia nuts pose a problem for pets. Though the exact toxic component remains unidentified, their high-fat content contributes to potential harm. It's important to note that other nuts are not considered harmful.

## Certain Vegetables

Onions, garlic, chives, scallions and leeks from the Allium family are toxic to pets – raw, baked, dehydrated, or powdered. Garlic is particularly dangerous, about five times as toxic as onions for cats and dogs. Clinical signs may not immediately appear but could include vomiting, diarrhea and pale gums.

## Bread Dough

Raw yeast bread dough, as it rises, produces ethanol, which can lead to alcohol poisoning and stomach distention in pets. Avoid allowing pets access to the rising dough to prevent these issues.

## Grapes and Raisins

Even small amounts of grapes or raisins can be toxic to dogs, and emerging evidence suggests potential toxicity to cats. Owners must be vigilant about any exposure to these fruits, whether raw or cooked.

## Cream of Tartar

Reports suggest that cream of tartar, found in some holiday treats and homemade play-dough, may be toxic to dogs. It contains potassium bitartrate, linked to kidney failure associated with grape and raisin ingestion. Avoid treats containing cream of tartar and seek veterinary advice if ingestion occurs.

## High Fat Foods

While not toxic, high fat foods like gravy, turkey skin, and butter can cause pancreas inflammation (pancreatitis) in pets. *Pancreatitis* is a severe and sometimes fatal disease. Prevent access to these foods to avoid health emergencies during the holiday season.

## Xylitol and Other Items in Your Purse or Backpack

Purses, backpacks, and items containing xylitol – sugar alcohol – should be stored away from pets, as even small amounts can cause liver damage and drops in blood sugar. Also, keep medication bottles and

items like hand sanitizers, which contain harmful substances, out of reach from curious pets.

# BCOA 2024 Rally Rankings

for BCOA member-owned Borzoi, January 1 to September 30, 2024

Corrections to Dean Eelman, [dkeelman@att.net](mailto:dkeelman@att.net)

To be included in the report, the first person listed as the dog's owner by the AKC must be a BCOA member: To be ranked in the Top 5 list at the end of the year, a dog must have at least 3 Qualifying Scores from any Rally class. Scores for each class will be multiplied by a factor based on level of class difficulty and all Qualifying Scores will be averaged for that dog. The factors are: 1 for Novice, 1.1 for Intermediate, 1.2 for Advanced, 1.3 for Excellent and 1.4 for Master. Only 1 score is needed to be ranked #1 in any particular class at year's end.

The Summer and Fall Aristocrat report will consist of a list for each of the five Rally classes with the dogs in alphabetical order and their real average score. In the Winter and following year's Spring edition, each Rally class will list the dogs in weighted average score order. In addition, the Winter and following year's Spring Aristocrat editions will list the top 5 dogs in weighted order for those dogs having 3 Qualifying Scores in any class or classes.

# NEW Obedience and Rally Points System starting January 2025

**B**eginning January 2025, ranking for Obedience and Rally will be using a points system. Qualifying points will be awarded for each qualifying run in every class. These points will get exponentially greater as the level of the class becomes more difficult. In Obedience, the Beginner Novice class will receive the lowest qualifying points for a qualifying run and the Utility class will receive the most qualifying points. In Rally, the Novice class will receive the lowest qualifying points for a qualifying run and the Master class will receive the most qualifying points.

In addition to receiving points for qualifying in a class, quality points will be awarded for high scores. In Obedience, points will be awarded on an increasing scale starting at a score of 185. In Rally, points will be awarded on an increasing scale starting at a score of 91. The qualifying points for qualifying runs and quality points for high scores will be added together to get a total used for ranking. This method will be used for determining the top five dogs at the end of the year and the individual class rankings.

## LURE COURSER EXCELLENT

### **MBIF, FC Oxota I Am The Storm, JC, ATT, SC, SSR, SGRC, FCh, DT, JOR**

Halle spent the first part of 2024 in the whelping box. Trips to the field have been infrequent this year but with delightful results. Back-to-back TSE wins to finish her LCX & pick up another BIF; then she won the LGRA Nats (for the 2nd time) and the NOTRA Nats! Looking forward to next year.
