Meet the Breeds, Portland, OR

Submitted by Kristin Lord

On January 18th members of BCOA and Puget Sound Borzoi Club participated in Meet the Breed at the Rose City Classic dog show in Portland, OR. We had a great turn out of members, Borzoi, and spectators. Needless to say the Borzoi were a hit. Members handed out breed education and Borzoi coloring pages while the Borzoi soaked up the attention.

BCOA 2024 Obedience Rankings

for BCOA member-owned Borzoi, January 1 to December 31, 2024

Corrections to Dean Eelman, dkeelman@att.net

To be included in the report, the first person listed as the dog's owner by the AKC must be a BCOA member. To be ranked in the Top 5 dog list at the end of the year, a dog must have at least 3 Qualifying Scores from any Obedience class. Scores for each class will be multiplied by a factor based on level of class difficulty and all Qualifying Scores will be averaged for that dog. The factors are as follows: Beginner Novice – 0.8; Preferred Novice – 0.9; Novice – 1.0; Graduate Novice – 1.1; Preferred Open – 1.2; Open – 1.3; Versatility – 1.3; Graduate Open – 1.35; Preferred Utility – 1.4; and Utility – 1.5. Only 1 score is needed to be ranked #1 in any particular class at year's end.

The Summer and Fall Aristocrat report will consist of a list for each of the all Obedience classes with qualifying entries with the dogs' name in alphabetical order and their real average score. In the Winter and following year's Spring edition, each Obedience class will list the dogs in weighted average score order. In addition, the Winter and following year's Spring Aristocrat editions will list the top 5 dogs in weighted order for those dogs having 3 Qualifying Scores in any class or classes.

Disaster Preparedness for Pets

By Emily Killian, MPH, Health Committee Member

In late September, Hurricane Helene ripped through the southeast, making landfall in Florida's Gulf Coast and tracking northward through the southern Appalachian mountains, where the storm dumped a catastrophic amount of rainfall, causing widespread damage from severe, unprecedented flooding. Rainfall triggered mudslides that tore down mountainsides and strong winds blew down trees and knocked out power in a swath that ran from the Gulf through the North Carolina and Tennessee mountains.

On the other side of the country, wildfires consumed acres of land, burning not just trees, grasses and shrubs, but also hundreds of homes and other structures.

Living in California, BCOA member **Randi Chylinski** is all too familiar with the potential for wildfires.

“During wildfire season in California, it is crucial to be prepared for potential evacuations — not just for yourself, but especially for your Borzoi. I keep an emergency go-bag (a large camping backpack) stocked with essentials, including dog food, a gallon jug of water, veterinary records, vaccination paperwork, AKC proof of ownership (both the registration certificate and AKC Reunite paperwork), recent photos of us, and a streamlined first-aid kit,” said Chylinski.

Given the Borzoi's size and need for ample space, she also plans evacuation routes with pet-friendly hotels in mind and packs items in consideration of the terrain.

“For additional safety and mobility, I bring an emergency sling (Fido Pro) in case we need to navigate uneven terrain, along with multiple types of protective dog shoes (Non-Stop Dog Wear Boots, Pawz, RuffWear Grip Trex shoes, and socks). I also pack an extra six-foot leash and a ComfortFlex harness, as having proper identification on your dog is essential. Keeping microchip information up to date is another key step in disaster preparedness. Additionally, I carry a K9 Mask with an air filter for smoke exposure and high-value treats to help keep my dog calm and focused,” she said. “In the car, I keep a spare soft crate, extra blankets, and Adaptil spray to help reduce stress during travel. Familiarity with car rides and practicing loading up quickly helps guarantee that, in an emergency, we can evacuate smoothly and safely.”

Because storm paths, wind strength and direction, rainfall and other forecasts may change quickly, potential disasters can hit with little warning, impacting families and their pets. From fires to floods and tornadoes, the worst can happen, no matter where you live.

Public safety experts have long advocated for families to have emergency plans for not only themselves but also their pets and those plans should include at a minimum the most likely disasters to hit a geographic area.

Fortunately for owners who need to evacuate, they have the legal right to include their pets after the passage of the Pets Evacuation

and Transportation Standards Act (Details: <https://www.avma.org/pets-act-faq>). This legislation requires states seeking assistance from the Federal Emergency Management Agency (FEMA) to accommodate service animals and pets in their evacuation plans in the case of a disaster.

Pets are now part of federal and state plans but that does not mean owners shouldn't do everything they can in advance to prepare for both situations where they are asked to shelter at home (possible during a situation like a radiological or chemical incident for example) and where they need to evacuate (such as for flooding or wildfires).

[Ready.gov](#) has three essential steps for preparing for emergencies:

Make a Plan

Planning and preparing ahead of time makes it easier and faster to respond in case of an emergency. Planning should include what actions you will take and what you will need to take with you. If you are asked by local officials to evacuate, you should also evacuate your pets. Because you don't know when you may return or to what extent your home may be damaged, if they are left behind, they may end up lost, injured or without a caretaker for a long length of time.

Things to consider when making your plan and preparing for a disaster:

Pre-identify some potential safe places where you can take your pets.

Not all shelters and hotels can accommodate pets.

Have a backup plan with neighbors, friends or relatives to make sure that someone is able to evacuate and care for your pets if you are unable to do so.

Have your pet microchipped and make sure to keep your address and phone number up-to-date. You can also include contact information for someone outside of your immediate area. Your breeder, co-owner or a family member may be good options.

Build an emergency kit

One of the simplest things you can do is build an emergency supply kit. Include the basics for survival, such as food, water and medications. You may also want to consider having a larger kit if you are sheltering in place and one that you can grab easily if you need to evacuate. These should be refreshed regularly to make sure that their contents are fresh. Consider making a checklist with items' locations to make it easier to pack quickly. Here are some specific items you may want to include in an emergency kit for your pet:

Keep 3 days to a week's supply of food in an airtight, ideally waterproof container, and pack feeding bowls and a can opener, if needed.

Store a water bowl and 3 days to a week's supply of water.

Keep an extra supply of the medicine your pet takes on a regular basis

BCOA 2024 Rally Rankings

for BCOA member-owned Borzoi, January 1 to December 31, 2024

Corrections to Dean Eelman, dkeelman@att.net

To be included in the report, the first person listed as the dog's owner by the AKC must be a BCOA member: To be ranked in the Top 5 list at the end of the year, a dog must have at least 3 Qualifying Scores from any Rally class. Scores for each class will be multiplied by a factor based on level of class difficulty and all Qualifying Scores will be averaged for that dog. The factors are: 1 for Novice, 1.1 for Intermediate, 1.2 for Advanced, 1.3 for Excellent and 1.4 for Master. Only 1 score is needed to be ranked #1 in any particular class at year's end.

The Summer and Fall Aristocrat report will consist of a list for each of the five Rally classes with the dogs in alphabetical order and their real average score. In the Winter and following year's Spring edition, each Rally class will list the dogs in weighted average score order. In addition, the Winter and following year's Spring Aristocrat editions will list the top 5 dogs in weighted order for those dogs having 3 Qualifying Scores in any class or classes.

DISASTER PREPAREDNESS FOR PETS CONTINUED

in a waterproof container (two weeks' supply is recommended). This should also include flea, tick and heartworm preventatives. These can be especially important in the weeks after a flooding-type event.

First aid kit. (Basic items: <https://www.akc.org/expert-advice/health/dog-first-aid-kit-essentials/>) Your veterinarian can also help you identify any additional items your pet may need.

Collar with ID tag and a leash or harness. Include a backup leash, collar and ID tag. Have copies of your pet's registration information, veterinary records and other important documents in a waterproof container and available electronically. Your pet's ID tag should contain the dog's name, your telephone number, and any urgent medical needs.

Traveling crate and bedding for each pet. Make sure your dog is already accustomed to the crate.

Grooming supplies, including shampoo/conditioner, brushes, nail trimmers, etc.

Pack items to clean up after your pet, including plastic trash bags, poo bags and household cleaning products like wipes, towels and chlorine bleach.

A picture of you and your pet together. If you become separated from your pet during an emergency, a picture of you and your pet together will help you document ownership and allow others to assist you in identifying your pet.

Familiar items and items to prevent boredom. Put toys, treats and chews in your kit. Familiar items can help reduce stress for your pet.

Muzzles can also be beneficial. Just make sure your pet is already comfortable with a muzzle in advance.

Blanket for scooping up a fearful pet.

Stay informed

One of the most important things you can do is to stay informed. Sign up for local alerts, if possible. Many local governments have emergency alert text and call lists. Text messages can often come through in an emergency, even when phone calls don't. Listen to local officials when told to evacuate or shelter in place. You can also stay abreast of situations using the FEMA app to get alerts from the National Weather Service.

Protecting our Borzoi both before and after disaster strikes is important and thoughtful preparations should be made well in advance of a disaster, both for the dogs and the people who care for them. BCOA Ready Borzoi has compiled a comprehensive set of tools and information that can be helpful in planning and preparing for the worst. You can find that resource at <https://borzoiclubofamerica.org/welfare/welfare-ready.php>. While we all hope that we never need to use our plans, disasters can happen anywhere and it's best to be ready.
